PRODUCT INFORMATION

Product class	MINERALTPT																											
Product identification	Mineral pure for shrimp.																											
Product description	MINERALTPT is mineral premix which contains major and trace elements which is vital for shrimp. The product is improving shrimp healthy. MINERALTPT have an important role in aquatic animal's metabolism, formation of exoskeleton, maintenance of osmotic regulator system, pH regulation of hemolymph, transmission of neural messages and muscle activities. Some of them have an important role in soft tissues formation and others are important elements of enzymes, vitamins, hormones and pigments or act as co-factor or co-enzyme in many catalytic or enzymatic systems.																											
Useful	<ul style="list-style-type: none"> • Providing shrimp with its need for major and trace elements with as nano elements solution liquid • Improving molting , supplement of minerals during ecdysis • Increasing appetite, growth promotion and survival rate in shrimps • Better formation of exoskeleton and outer layer • Regulation of metabolism and better absorption of proteins, lipids, carbohydrates and vitamins • Prevention of tissue damages. • Healing of lesions and promotion of blood cell production. • Prevention of deformities in shrimp. • Prevent and cure the white body and white tails diseases in shrimp 																											
Product specification	Appearance : Liquid Color: Light brown colored Odor: None flavor.																											
Guaranteed Analysis	Each 1 liter. contains <table style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 70%;">Calcium</td> <td style="width: 15%; text-align: right;">25.500</td> <td style="width: 15%; text-align: right;">g.</td> </tr> <tr> <td>Magnesium</td> <td style="text-align: right;">35.500</td> <td style="text-align: right;">g.</td> </tr> <tr> <td>Sodium</td> <td style="text-align: right;">5.00</td> <td style="text-align: right;">mg</td> </tr> <tr> <td>Copper</td> <td style="text-align: right;">0.06</td> <td style="text-align: right;">g.</td> </tr> <tr> <td>Zinc</td> <td style="text-align: right;">0.05</td> <td style="text-align: right;">g.</td> </tr> <tr> <td>Selenium</td> <td style="text-align: right;">0.05</td> <td style="text-align: right;">g.</td> </tr> <tr> <td>REE elements</td> <td style="text-align: right;">0.2</td> <td style="text-align: right;">g.</td> </tr> <tr> <td>Calcium as nano</td> <td style="text-align: right;">2.5</td> <td style="text-align: right;">g</td> </tr> <tr> <td>Excipient added to completed</td> <td style="text-align: right;">1</td> <td style="text-align: right;">liter</td> </tr> </table>	Calcium	25.500	g.	Magnesium	35.500	g.	Sodium	5.00	mg	Copper	0.06	g.	Zinc	0.05	g.	Selenium	0.05	g.	REE elements	0.2	g.	Calcium as nano	2.5	g	Excipient added to completed	1	liter
Calcium	25.500	g.																										
Magnesium	35.500	g.																										
Sodium	5.00	mg																										
Copper	0.06	g.																										
Zinc	0.05	g.																										
Selenium	0.05	g.																										
REE elements	0.2	g.																										
Calcium as nano	2.5	g																										
Excipient added to completed	1	liter																										
Use	Mineral essential premix: Use as nano minerals supplement for shrimp all stage																											
Direction of use	Mixed with completed feed, spray with water and let its air dry before feeding																											
Application rate	2-3 ml per 1 kg of completed feed.																											
Storage	Keep it in a dry and fresh place, protected from the light. Keep containers tightly closed.																											
Packing/unit	Plastic bottle containing 500ml x 24 bottles/carton.
